AMERICAN ASSOCIATION OF PHYSICISTS IN MEDICINE  
Administrative Council & Professional Practice of Medical Physics

**ADMINISTRATIVE COUNCIL OBJECTIVES**

The Purpose of the Administrative Council is to serve as a conduit for communicating administrative information to the Board. The Administrative Council will oversee the main mechanisms for communication with members. The Administrative Council will develop and maintain a vehicle for long-range financial planning by projecting revenue streams over a three to five year period and by considering options to grow revenue for the Association.

### Technology Assessment Office (TAO)\*

*Opportunities in Medical Imaging and Radiotherapy*

*\*Corporate Relations Committee Initiative in Collaboration with the Science Council*

---

---

---

---

---

---

---

---

**TAO Vision**

*Medical Imaging and Radiotherapy Domain Specific*

The overall vision of the TAO is to become an international **resource** for medical imaging and radiotherapy stakeholders (equipment vendors, regulatory/government agencies, and professional societies), while offering learning opportunities for the clinical service providers in areas such as clinical implementation of new technologies, process improvement, medical error mitigation, and quality improvement.

- The confluence of these activities will improve the quality and safety of patient care in medical imaging and radiotherapy domains
