

AAPM 2019 JUL 14-18

61ST ANNUAL MEETING & EXHIBITION | SAN ANTONIO, TX

BUILDING BRIDGES. CULTIVATING SAFETY. GROWING VALUE.

International Symposium: Certification of Medical Physicists Worldwide

SAM Professional Symposium

**Moderators: Cari Borrás, D.Sc., IEAC Chair
and Derek Brown, Ph.D., IAC Chair**

Learning Objectives

- Realize the problem of recognition that medical physicists face globally and compare it with our situation in the US and Canada
- Review various certification, registration and licensing options available
- Explore what the AAPM can do to promote medical physics worldwide by sharing experiences and supporting international certification initiatives

- Introduction and Learning Objectives of the Symposium
[C. Borrás](#)
- Medical physics certification in the United States and Canada
[E. Lief](#)
- Medical Physics certification in Asia
[K. H. Ng](#)
- Medical Physics certification in Africa
[D. van der Merwe](#)
and [G. Loretto](#)
- Medical Physics certification in Latin America
[P. Costa](#)
and [R. Dimenstein](#)
- Medical physics certification in Europe
[C. Borrás](#)
- The International Medical Physics Certification Board (IMPCB): Goals and achievements
[C. Orton](#)
